

FUN & SAFETY GUIDE

WELCOME TO: VERTIGO 360

Riders must be able to follow safety instructions and remain seated in an upright position throughout the ride.

This ride involves G-Forces, Centripetal Force, and Rotational forces. Riders should consider their ability to tolerate these forces.

Riders must be able to be securely retained by the safety restraint in a normal seated position. Riders unsure whether the restraint system will accommodate them may request a test seat before queuing.

Riders missing both right and left feet, shins, or legs should not ride.

Riders missing both right and left hands, forearms, or arms should not ride.

Riders with left or right prosthetic foot, shin, leg, hand, forearm, or arm should not ride.

Riders with both right and left prosthetic feet, shins, legs, hands, forearms, or arms should not ride.

Riders with vision and hearing impairments should not ride.

Riders must be able to perceive and respond to visual or audible emergency instructions.

This ride is not suitable for persons with such physical and/or mental disability that they cannot use the safety devices properly.

This ride is not suitable for heart patients and persons with skeletal muscle problems.

This ride is not suitable for people who suffer from panic attacks.

This ride may not accommodate riders of certain body types (height and or weight) due to the configuration of the safety restraint system.

Secure all loose articles (keys, purses, shoes etc.) or leave them with a non-rider.

Cell phone, selfie sticks, cameras and video equipment are not permitted on this ride.

Not responsible for articles lost, damaged, or left on the ride.

No food or drinks permitted on the ride.

Riders under the influence of drugs or alcohol should not ride.

Animals are not permitted on any ride.
